

E-Short Presentation Guidelines

1. Content should consist of: Research Work (Introduction, Objectives, Workflow, Results, Conclusion, References and Acknowledgment) OR Research Idea (Background, Original Hypothesis, Future Direction, References and Acknowledgment).
2. Presentations should be prepared in the widescreen format with a ratio of 16:9.
3. The presentations will be accepted in PDF (converted from PPT) format only.
4. The participants have to upload a video walkthrough of their short presentation (of 3 minutes), with the participant's introduction (name, affiliation and topic) which will act as a guided presentation for the attendees to view or listen to while viewing the presentation. (Strictly upto 25 MB).
5. The Moderator will display the video of your presentation that you had previously uploaded.
6. After all the presentations, there will be a live Q&A in remaining 10-15 minutes. Therefore, the presenters are required to stay till Q&A session.
7. In case of more than one contributing author for a paper/poster, each attending member requires to register individually for certificate.
